

### **Oxilio accepted for 'CMS Equip' programme**

Oxilio has been accepted by international law firm CMS (UK's 8<sup>th</sup> largest by revenue) into their global 'Equip' accelerator programme. The all-service CMS team has a long track record of supporting carefully selected, innovative start-ups as they grow, develop and build a successful future, so we are thrilled to have been invited to join this programme.

The 'Equip' programme offers introductions to investors, networking and other benefits such as discounted fees. Across more than 30 jurisdictions their international 'Equip' team provides support from seed rounds through to A and B rounds. The same team helps start-ups fundraise and VCs invest, leads exits and acquisitions, taking the business and its investors from the beginning of a start-up journey to its conclusion, building deep lasting relationships during the way.
